THERAPEUTIC RATIONALE

KOFOL is a super-fast cough reliever. KOFOL contains a blend of herbs which have mucolytic, expectorant, anti-allergic and anti-inflammatory properties.

Adhatoda vasica, *Curcuma longa* and *Solanum xanthocarpum* are potent mucolytic and expectorant. *Curcuma longa* also exerts anti-allergic and anti-inflammatory activity. *Glycyrrhiza glabra* has anti-allergic and immunomodulatory properties. It also soothes the irritated mucosa. *Piper longum* is decongestant and expectorant. It effectively suppresses cold and cough. Therefore, KOFOL SF effectively relieves cough without any side-effects like drowsiness and constipation.

INDICATIONS

- Cough due to varied aetiology
